

2010 DOT Random Testing Rates Notice Office of Drug and Alcohol Policy and Compliance

The following chart outlines the annual minimum drug and alcohol random testing rates established within DOT Agencies and the USCG for 2010:

DOT Agency	Random Drug Testing Rate	Random Alcohol Testing Rate
Federal Motor Carrier Safety Administration (FMCSA)	50%	10%
Federal Aviation Administration (FAA)	25%	10%
Federal Railroad Administration (FRA)	25%	10%
Federal Transit Administration (FTA)	25%	10%
Pipeline and Hazardous Materials Safety Administration (PHMSA)	25%	Not Applicable
United States Coast Guard (USCG)	50%	Not Applicable

NOTE: Employers (and C/TPAs) subject to more than one DOT Agency drug and alcohol testing rule may continue to combine covered employees into a single random selection pool. However, companies (and C/TPAs) doing so must test at or above the highest minimum annual random testing rates established by the DOT Agencies under whose jurisdiction they fall. For example, an employer having both FMCSA- and FRA-covered employees in one pool must test, as a minimum rate, 50% for drugs and 10% for alcohol. PHMSA- and USCG-regulated employees should not to be placed in random alcohol testing pools. Contact the appropriate DOT Agency for additional clarification.

Please note that USCG covered employees may be combined with DOT covered employees in drug testing pools testing at 50% even though the USCG is part of the Department of Homeland Security.
