

Brothers,

In an effort to continually improve service to our members, the Railroad National Health and Welfare Plan has just launched “smart phone” applications on which you can access general health care news, information about your specific benefits, and your personal health care accounts. Attached for your review and distribution is a flyer explaining these applications. We will have this flyer posted on our website shortly. In addition to this flyer, all National Health and Welfare participants should receive a postcard in the mail announcing this new feature.

This new feature is brought to you from the hard work and collaborative efforts of the National Health and Welfare Plan Joint Plan Committee (Labor and Management) in cooperation with all of your Health Care providers. I would recommend that you print this flyer out in “color” and post it at your work locations.

If you have any questions pertaining to the above, please don’t hesitate to contact me.

Fraternally,

Bill Bohné, Jr.

Director – IBEW Railroad Department
